

# NEVADA LIBRARY Q&A/CHECK-IN

---

*10 am, Tuesday, November 24, 2020*

with Norma Fowler & Sulin Jones

Nevada State Library, Archives and Public Records Administrator

# Tuesday @ 10 - Intentions

to promote unity,  
fraternity, and help build  
resilience

to debrief and share

to assist in the response  
phase and start the  
recovery phase.

to learn and be better  
prepared

Check-in

# Nevada Statewide Pause, 11/24/20

## **Masks**

- Nevadans and visitors are required to wear masks at all times—indoors and outdoors—when around any person who is not part of one's immediate household. This includes at private gatherings.

## **Gatherings**

- Private social gatherings are capped at 10 people, limited to people from two households maximum, and masks are required if the gathering includes anyone from a second household. This applies to both indoor and outdoor private social gatherings.
- Public social gatherings are capped at 50 individuals or 25% of capacity, whichever is less, and under strict social distancing requirements. Examples of public social gatherings include places of worship, movie theaters, live shows, weddings, etc. These caps do NOT apply to Nevada's schools.

## **Restaurants and Bars**

- Indoor and outdoor dining are capped at 25% of capacity with strict social distancing requirements, reservations are required, no more than four people seated at a table, and face coverings must be worn at all times when not actively eating or drinking. Curbside pickup, delivery, or carryout are strongly encouraged in lieu of in-seat dining.

## **Gyms, Gaming Establishments, Bowling/Arcades/Etc., and Libraries/Museums/Galleries**

- Attendance is capped at 25% of capacity and strict social distancing requirements must be followed, and face covering requirements apply.

## **Retail Stores, Including Grocery Stores**

- Retail stores remain at the 50% capacity limit that has been in place. However, those with more than 50,000 square feet of store space must count customers at entry to ensure the number of customers in the store at any one time does not exceed the 50% capacity threshold. Stores are encouraged to conduct temperature screenings of customers before entry, so you may encounter that, depending on where you shop.
